INTRO: E (rolling rhythm on the A string)

VERSE ONE:

E
The air is electric; big block 429; the ground is a-rumblin' as she comes to the line
A **E**
She's got legs for miles... Man, she's mine – all mine
(E)
Take the quarter mile in 9-point-9...Boys say she can't play here; she's too damn fine
B **A**
Fire her up; hear her roar; she'll blow off your doors
E
And everybody's gawkin' at the big, black Ford

VERSE TWO:

E
Her story begins 1971; when the sun went down, they'd let her out to run
A **E**
Haulin' white lightning 'cross the county line
(E)
Shakin' off the cops – it's no big thing; rev up her engine; hear her sing
B **A**
Devil dark, it hides her well, she tore up the roads
E
And all the cops were lookin' for that big, black Ford
(Walk up from E to A on 5th fret)

CHORUS

A **E**
And she's hot off the line
A
No matter what you got
B
She gives you a hell of a time
C#m **B** **A**
She's got the guts to take you on
C#m **B** **A**
Taillights in your eyes; boy, she's gone
C#m **B** **A**
She's all that you've been lookin' for
E (to Intro)
That big, black Ford
