VERSE ONE:

I'm a-cuttin' through the night; just me and my headlights
Push my foot down to the floor; can't take it anymore
Nothing's feelin' right
The highway's stretched out like a sigh; my tears have all run dry
Where the rubber meets the road; crank up the radio
I just want to drive

CHORUS ONE

Gotta have the asphalt
My veins filled with gasoline
Gotta have the rumble
It's my kind of therapy
When I need an escape, troubles to fade away
Fire it up and take a ride
No bullies and no trolls here on the open road
It's heaven when I drive

VERSE TWO

The speed it just feels right; backend swaying side-to-side
Leave my struggles in the dust 'til I forget what it was
Messin' with my mind
Feels like this car can fly...ridin' four-twenty-nine
Drop it down a gear; losin' all my fears
Paintin' two black lines
