CAPO on 4th FRET

VERSE ONE

My mind is playing tricks on me **G**
It seemed like I just blinked and we **Em**
Have been together for so long **C**
But it only felt like a heartbeat **D Em**
Can we hold these seconds in our fists **G**
Like the moment we first kissed **Em**
Don't want to rewind **C**
I just want to pause time like this **D Em**

CHORUS

I'm holding my breath **Em**
Can't wait for what happens next **C**
Gonna savor every second; hold it on my tongue **Am D Em**
If the time that we've spent **(Em)**
Is any indication, you can bet **C**
I'm drunk with anticipation **Am**
For what happens next **D Em**

VERSE TWO

G
 Baby, I am dizzy with the speed
Em
 Someone stepped on the gasoline
C
 It's only been a minute
D **Em**
 Well, that's what it seems to me
G
 We're so high but we'll never crash
Em
 Just wish it wouldn't go so fast
C
 Put it all in slow motion
D **Em**
 So we can make it last

SOLO: AS CHORUS

VERSE THREE

G
 Just lay back; take me in your arms
Em
 In the grass, underneath the stars
C
 I know I don't deserve you
D **Em**
 But I'm here holding your heart
G
 Don't need a big house or a diamond ring
Em
 Just want you next to me
C
 With my head on your chest
D **Em**
 Listening to your heartbeat
